

## ***North Carolina Libraries Report to Board, January, 2007***

The Fall/Winter 2006 issue of *North Carolina Libraries* was posted to the web January 10, 2007. We are currently working on the print 2006 issue which should come out in the spring. Our next web issue is Spring/Summer 2007 and we already have a good number of articles for that issue.

A budget for 2007 was submitted to the Finance Committee. Some cost increases will occur because of added members and rising prices for paper, postage, ink and other consumables.

The Editorial Board met in November in Greenville, and noted the passing of the Associate Editor Paula Hinton.

Ralph Scott

Editor, *North Carolina Libraries*
