

BLINC/ Business Librarianship in North Carolina  
Report to NCLA Board  
July, 2006

BLINC, at their quarterly meeting at Greensboro Public Library on May 5<sup>th</sup>, began planning for Fall or early Spring **Business Information 101 Workshops** for library staff. The plan is to present these workshops at various locations around the state by BLINC members. At our upcoming meeting, August 4<sup>th</sup> at the University of North Carolina – Charlotte, we will continue to discuss this event as well as membership growth opportunities. We are pursuing avenues for possible scholarships and awards sponsored by our vendors.
