**CONFERENCE COMMITTEE REPORT**

Since the last meeting of the Executive Board I have moved forward with soliciting volunteers to assist with the planning and execution of the 2007 Conference. Thus far I have received replies from nearly 40 people who have offered to assist with the Conference.

Within the coming month I will be appointing people to serve on the following committees: Conference Store; Poster Session; and Registration. I am also anticipating that the Planning Committee will have its first meeting, possibly at the Hickory Metro Convention Center.

We are now in the process of soliciting ideas from the NCLA membership for the Conference theme. Suzanne White, Chair of the Publications and Marketing Committee, has posted an announcement regarding the theme contest on the NCLA Conference website.

Once the theme is selected we will then conduct a second contest to solicit designs for a logo that reflects the Conference theme.
