

NCLA Endowment

Report to the Executive Board Meeting of January 24, 2008

–

We went into the Biennial Conference in Hickory with approximately \$44,130 in the Endowment.

With the profits from the Endowment Dinner, the Endowment table activities at Conference, and donations from members through December we are delighted to report an updated total of \$51,854 in the Endowment Fund.

Special thanks go to our major sponsors for the Endowment Dinner at Conference: WebFeat, Solinet and EbZb Productions, and also to Rodney Lippard for all of his work in securing these sponsors.

The Endowment Committee will meet with President Phil Barton later this Spring to review the focus of the Endowment and to establish priorities for the coming Biennium. The results of our discussions will be brought to the Executive Board for further consideration. We believe that with clear priorities the Endowment can play a vital supporting role in planning for the future of our organization.

Respectfully submitted,

Bryna Coonin
on behalf of the Endowment Committee:

Bryna Coonin and Leland Park, Co-Chairs
