

Roundtable on the Status of Women in Librarianship
Report for NCLA Executive Board Meeting
January 27, 2006

The Roundtable on the Status of Women in Librarianship (RTSWL) met on November 11, 2005 at the Forsyth County Public Library. Ideas were discussed for a fall workshop in 2006 with the idea of collaborating with another section. We also discussed the possibility of changing our name to something shorter, more inclusive and up-to-date. We'll need to explore the procedure for this.
