

Community and Junior College Library Section

Quarterly Report to NCLA Executive Board: April - June 2010

The Officers of the Community and Junior College Libraries Section of the North Carolina Library Association communicated by e-mail during the second quarter of 2010. These e-mails focused on planning issues concerning the library instruction conference that the section is co-sponsoring with the College and University Section. CUS had already done much of the initial legwork and CJCLS officers have assisted with decisions regarding the conference facility and other logistical matters.

Jennifer Noga e-mailed the CJCLS officers about participating in a planning meeting in conjunction with CUS to take place in July.
