

**NCLA Government Resources Section Business Meeting
at the 2013 NCLA Biennial Conference
10/18/2013**

In attendance: Michele Hayslett, Lynda Kellam, Jennifer Smith, David Durant, Amanda Binder, Mimi Curlee, and Anu Pal

Help! Webinars report from Lynda:

- Going very well
- The links are still working, but the webinars are not archived. A colleague at UNCW may have a solution for archiving.
- NCLA would like to charge fees or make them “members only” and the group can make a decision about this possibility in the future
- Usage statistics: usage statistics are not being counted by Blackboard. Jennifer will find out if there are usage statistics available through the NCLA website.
- Topic suggestions: Lynda - State Laws for specific states, the group suggested maybe starting with the Southeast, Anu can teach Illinois; A webinar attendee suggestion - more nuts and bolts about Government Documents.

Workshop: Spring, Face-to-Face workshop needs to be planned for early June. A suggestion was made to invite a GPO representative, but we would be obligated to pay their travel fees.

By-laws: are currently in the preferred PDF format for the NCLA website.

Regional News: David announced that in October Beth is going to be calling depository libraries and helping them transition to the ASERL database.

Future Meetings: Lynda let us know that the UNCG Blackboard meeting place can still be used for our board meetings. She can facilitate.
