Business

A. Membership Strategies

a. Meralyn outlined two goals for NCLPA: 1) increase membership and 2) have the organization become more active.

b. NCLPA total membership as of December 2007: **92**

c. At the last meeting, Executive Board members were asked to try to get people at their library to join NCLA/NCLPA. Meralyn asked each member present to give a brief overview of their experiences with asking people at their library to join.

d. It was suggested that we use the NCLPA Members e-mail list to let those who are not non-members know what we are doing, especially since a lot of the people allowed to join the list are interested in support staff issues, but are not necessarily members of NCLA/NCLPA.

e. The position of Membership Chair needs to be filled as soon as possible. This person will work with the regional directors to coordinate membership efforts. It was suggested that we try to recruit someone from a larger library. People were identified at the meeting that could be contacted about filling this position. If anyone has any other suggestions of who could be contacted about serving in this position, let Meralyn know.

f. Jackie Frye suggested that a database with contact information of key library staff who could distribute information to support staff in their area would be helpful for the regional directors.

g. Suggestions for increasing membership:

   i. NCLA materials need to include NCLPA info (brochures/bookmarks) whenever they have their display board out at conferences and workshops. Meralyn will
contact Phil Barton about how this can be achieved.

ii. NCLA wants to increase its overall membership to 2000. Support staff make up 70% of the library workforce in the state. It was suggested that the NCLPA Membership Chair work with the NCLA Membership Chair in an effort to target library support staff in the state in an effort to increase membership of both groups.

iii. Triple Play Membership Idea – Meralyn said she would talk to Carolina Walters about the possibility of a combined membership deal for joining NCLA, NCLPA, and ALA. If it is not possible to include ALA, then a Double Play deal was suggested. Maybe a reduced fee when joining NCLPA or something along those lines. Other suggestions included giving a free or reduced price ($2) NCLPA roundtable membership the first year.

B. Leadership Mentoring Program

a. Meralyn would like to work toward establishing a mentoring program. The idea is to teach NCLA members how to mentor in hopes that those who hold offices in the association would use these skills to train/mentor incoming members who would eventually take on various leadership positions within the organization.

b. It was decided that the first thing to do would be to sponsor a general mentoring workshop. The Public Library Section had expressed an interest in co-sponsoring such a workshop. The workshop would be open to anyone, but NCLA sections and roundtables would be asked via typed correspondence to send at least one representative to the workshop.

c. Meralyn has contacted Raye Oldham (State Library of NC), who is currently searching for contacts who could lead a mentoring workshop.

d. Meralyn asked for any other ideas and it was suggested that it might be a good idea to “trade places” with someone from a different library in order to learn how other libraries do things and to experience various types of libraries.

C. Biennial Report

a. NCLA roundtables must submit a biennial report.

b. Angela will put together a biennial report for NCLPA which is due by Friday, March 7. The report is to highlight the accomplishments of NCLPA during the 2005/2007 biennium.

Report of Regional Directors

A. Amanda Davis – Region 1

D. Jackie Cornette – Region 4 (A printed report was distributed.)

• Jackie contacted department heads at each library asking for target paraprofessionals and made personal contacts with the recommended staff. These contacts have resulted in four new memberships to NCLA.
